Quality Systems International

“Quality means doing it right when no one is watching” -Henry Ford

Foreword

Through 12 years of international presence in the field of health, since 2008, delivering Quality solutions and conducting GxP audits to pharmaceutical industries, CROs and health institutions, QSI has identified the pain point behind HQSP (Health Quality System Partners).

Our team of the top-notch consultants and SMEs validated portfolio of consulting solutions covering Quality Management Systems (QMS), Gap analysis, pre-Audit Preparation and Audit Assistance.

Quality Systems International

About Us

Our Story

We are present all over the planet to help healthcare institutions and providers to achieve their full potential and attain worldwide credibility.

Vision

We aim to become the most trusted providers of quality management system services with a cutting-edge level of proficiency.

Mission

We are here to empower healthcare and pharmaceutical institutions thrive in this highly demanding and fast evolving world.

Our Professional Affiliations

CAC is a part of ClinGroup Holding a leading joint of units covering the healthcare services throughout a pharmaceutical product lifecycle from R&D through Pharmacovigilance.

We are deeply involved in the communities where we live and work.

Quality Systems International

VALUES

Our core values have been the foundation of our success for almost 12 years.

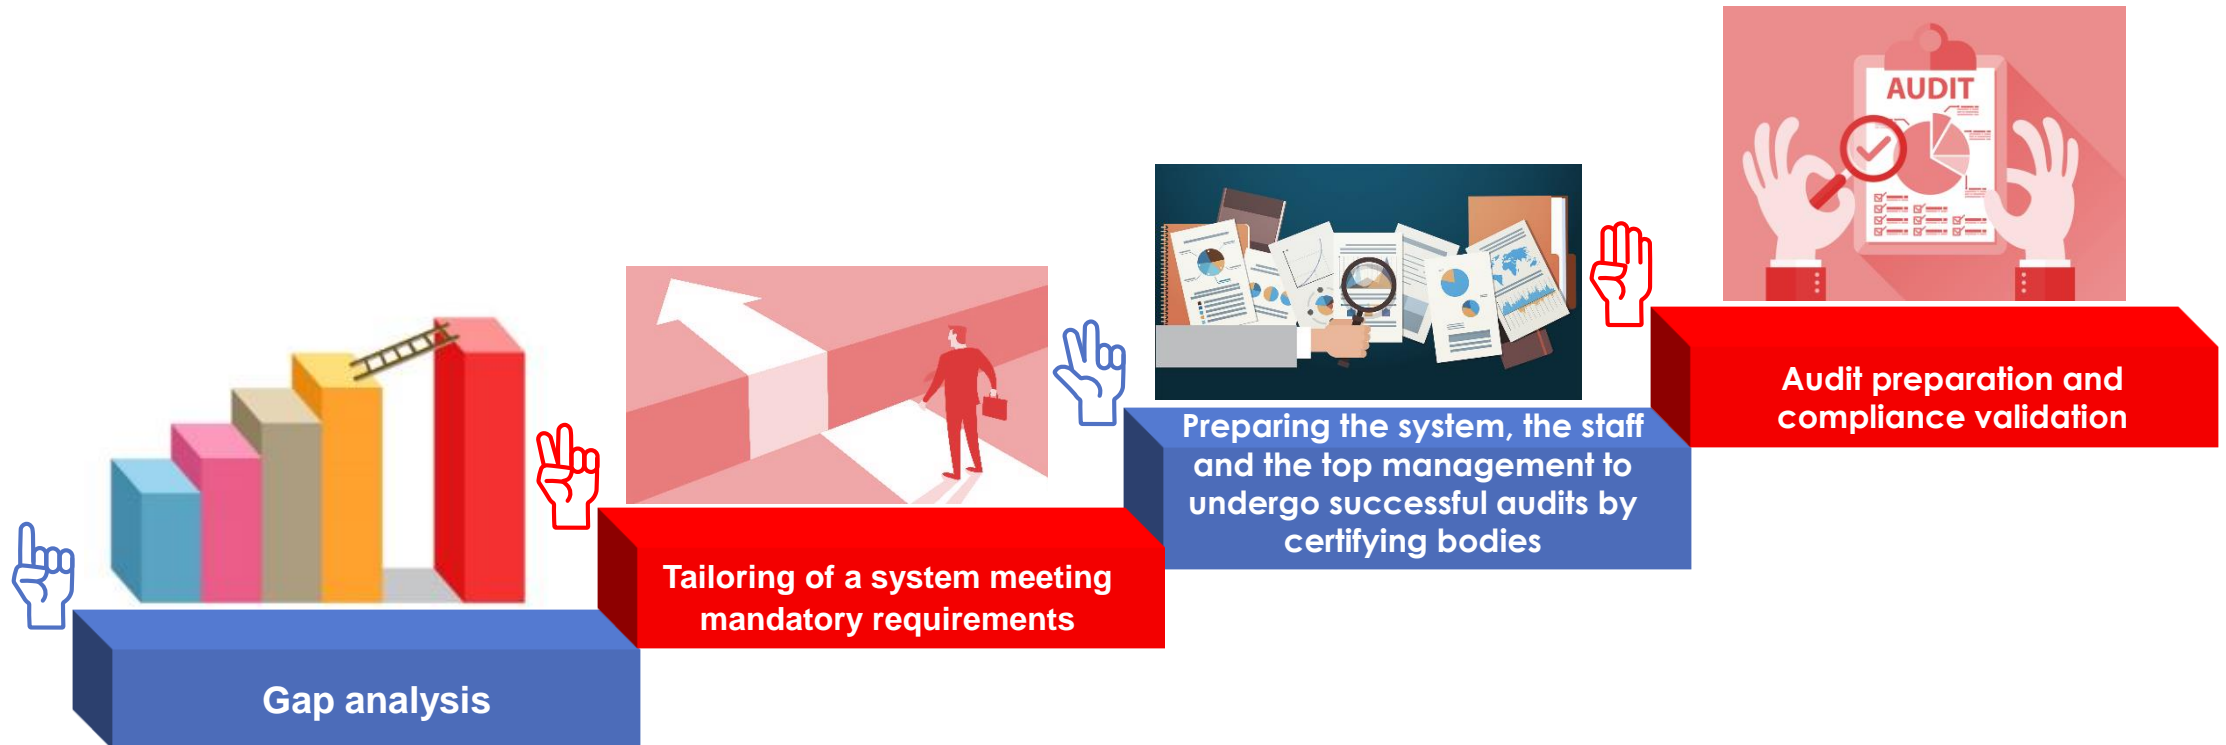

- **Integrity:** to do the right thing every time
- **Excellence:** The consistency in being the best in our areas of expertise
- **Teamwork:** To connect efforts, brains and goodwill to remain the top-notch service providers
- **Corporate Social Responsibility:** To interact with the society with empathy and care

Quality Systems International
